

WOULD JEROME BE SATISFIED

With Moderate Sentence For Harry Thaw,
Charged With Murdering White?

SO INTIMATES IN HIS ARGUMENTS

Jury Will Be Charged Tomorrow By Judge Dowling—
Jerome Says Thaw Was Not Insane When
He Fired The Fatal Shot.

[BY ASSOCIATED PRESS.]
New York, Jan. 30.—Admitting that Harry K. Thaw may have had irrational outbreaks now and then during his life, District Attorney Jerome, in his plea for conviction of White's slayer, today declared there was absolutely nothing in the case presented to the jury to show Thaw was so insane the night of the tragedy that he did not know the nature or quality of his act or that the act was wrong. The prosecutor, however, signified very plainly that he believed justice would be served if the defendant was found guilty of some lesser degree of criminal responsibility than murder in the first degree. Justice Dowling announced at the luncheon hours he would not charge the jury until tomorrow morning. Jerome will conclude his argument this afternoon.

FARMER CRUSHED BY HIS OWN FARM WAGON

Green County Old Soldier Killed This Afternoon—Ribs Punctured Lungs.
[SPECIAL TO THE GAZETTE.]
Monroe, Wis., Jan. 30.—Samuel H. Hayman, aged sixty-five years and for many years a prominent farmer in the town of Sylvester, died this afternoon from injuries received by being crushed between a wagon loaded with heavy household goods and a tree. Hayman was preparing to move into Monroe and had a wagon loaded with furniture. While attempting to drag it away from the house it got away from him and crushed him between the side of the wheels and a tree. His breast was frightfully crushed and a rib broken penetrated his lungs. He leaves a widow and eleven children to mourn his loss.

Flotilla of the American Torpedo Squadron Sailed from Buenos Ayres for Punta Arenas.
[BY ASSOCIATED PRESS.]
Buenos Ayres, Jan. 30.—After a brief stay in the harbor of Buenos Ayres the flotilla of the American torpedo squadron sailed from this port this morning for Punta Arenas. The reception here has been one of the most enthusiastic for both officers and men of Admiral Evans' fleet.

MINERS' WAGE SCALE IS BEING DECIDED

Coal Miners and Operators Busy With the New Agreements as to Labor.
Indianapolis, Ind., Jan. 30.—Representatives of the coal miners and operators of the central competitive field met today to decide whether a joint conference should be called to make the wage scale effective on April 1, and to re-establish the interstate agreement which was interrupted two years ago.

2 NEW YORK BANKS ARE INVESTIGATED

Dank Examiners Took Active Charge Today of the Institutions That Closed Yesterday.
[BY ASSOCIATED PRESS.]
New York, Jan. 30.—The bank examiners took active charge today of the affairs of the New Amsterdam National Bank and the Merchants and Traders' Bank, a state institution, both of which closed their doors yesterday. It is not anticipated the closing of the two banks will have any effect upon the general banking situation in the city as both of them have been going through gradually to liquidation for the last few months.
There was quite a heavy run on the Oriental Bank and its Canal Street branch during the day, but all the depositors were paid promptly.
The Oriental bank withstood the run successfully and when the doors closed for the day's business the depositors had all disappeared.

WANT HORAN FOR A NORMAL REGENT

Strong Effort is Being Made to Put Eau Claire on Board of Normal Regents.
[SPECIAL TO THE GAZETTE.]
Eau Claire, Wis., Jan. 30.—The Eau Claire movement to secure an Eau Claire man on the state board of normal regents culminated last night in the adoption of strong resolutions by the Commercial association which reached Governor Davidson today. The sentiment here is unanimously for Emmet Horan. Horan is chairman of the democratic county committee. He has the personal endorsement of many leading republicans, including the chairman of the republican county committee.

MAY ESTABLISH A STEAMSHIP LINE

St. Paul Officials to Sail for Japan to Arrange for Trans-Pacific Trade.
[SPECIAL TO THE GAZETTE.]
San Francisco, Cal., Jan. 30.—Among the passengers booked to sail for Japan on the steamship Mongolia today is J. H. Hildan, third vice president of the Chicago, Milwaukee & St. Paul railroad. Mr. Hildan goes to Japan, it is believed, to arrange the details at that end of the plan of the Milwaukee road to enter into active competition with the Harriman and Hill lines for the trans-Pacific trade. It is understood that the Milwaukee professes a traffic alliance with some existing steamship company, but if this cannot be arranged the road will probably establish its own line of steamships. It is expected the plans will be ready for operation before the end of next year, by which time the Milwaukee road will have its Pacific coast extension completed to Seattle.

DEMOCRATS OPPOSE BRYAN'S CAMPAIGN

New Jersey Democrats Attempt to Discourage Bryan's Speech of Next Week.
[SPECIAL TO THE GAZETTE.]
Trenton, N. J., Jan. 30.—Efforts to be backed by the regular democratic state committee are being made to discourage the visit of William J. Bryan, who is coming to New Jersey next week to deliver several addresses under the auspices of the New Jersey Progressive Democratic League, which is the recognized Bryan organization. It has been apparent for some time that the league intends to put up a stiff fight to have a solid Bryan delegation sent from this state to the Denver convention. The old-line democrats have not taken kindly to this idea, though it was not until very recently that they have taken any steps to balk the plans of the Bryan element. Now the auxiliary committee of the democratic state committee has arranged to give a dinner in Newark tonight, and the fact that it has invited Senator John Bailey of Virginia, an acknowledged anti-Bryan man, to speak on the occasion, is regarded as evidence that the state committee will work to head off the Bryan sentiment which has been gaining force unopposed in New Jersey.
The members of the Progressive League, however, declare that they are not worried over the action of the state committee. They declare that the democratic sentiment in New Jersey is overwhelmingly in favor of Mr. Bryan and that nothing can prevent the delegation being sent from this state with instructions to vote for the Nebraska nomination. Meanwhile the league is preparing to make the most of Mr. Bryan's coming visit. Speeches have been arranged for in Newark, Jersey City, Passaic and one or two other cities.

COMMITTEE TALKS FOREST RESERVES

Delegations Appear Before Agricultural Committee of House and Urge Reserves.
[SPECIAL TO THE GAZETTE.]
Washington, D. C., Jan. 30.—Delegations representing New England and the South Atlantic states appeared today before the agricultural committee of the House and strongly urged that some definite action be taken at the present session in relation to national forest reserves. The measure now before congress, providing \$5,000,000 for a 5,000,000-acre national forest in the southern Appalachians and a 5,000,000-acre national forest in the White mountains of New England.

STATE HISTORICAL SOCIETY TO MEET

Ninth Annual Meeting of the Illinois State Historical Society Opens.
[SPECIAL TO THE GAZETTE.]
Springfield, Ill., Jan. 30.—The ninth annual meeting of the Illinois State Historical Society, which began here today, promises to be the most interesting meeting ever held by that organization. The principal feature of the two-day program will be notable addresses dealing with the Lincoln-Douglas debates. Horace White, the veteran New York editor, who reported the debates half a century ago, speaks before the society tonight on the subject of "Abraham Lincoln in 1854." The address on "Stephen A. Douglas" will be delivered by Adlai E. Stevenson, former vice president of the United States.

MEMORIAL SERVICE FOR KING CHARLES

Two Hundred and Fifty-ninth Anniversary of Death of King Charles Is Observed.
[SPECIAL TO THE GAZETTE.]
London, Jan. 30.—The 259 anniversary of the execution of King Charles I. was observed today with the customary demonstrations under the auspices of the various Legations and Jacobite leagues. The principal feature was a largely attended memorial service held in the chapel of St. Nicholas, at Carisbrook Castle. During the day a score or more of wreaths were placed about the base of the equestrian statue of King Charles in Trafalgar Square.

GOVERNOR DAVIDSON SHOWS AN INTEREST

Says if Miss Malone's Death Is a Murder State Will Offer \$300 Reward.
[SPECIAL TO THE GAZETTE.]
Madison, Wis., Jan. 30.—Governor Davidson returned today from Viroqua, where he attended the funeral of Miss Helen Munson, victim of a frightful furnace accident, daughter of Senator O. G. Munson. The governor is interesting himself in the case of the murder of Josephine Malone, the dressmaker, who was supposedly murdered by being thrown from a bridge into Rock river at Janesville, and if upon examining the facts the governor is convinced that it was a case of murder, he will offer the reward allowed by the state law, \$300, for the arrest and conviction of the murderer.

SPECTACULAR NEW YORK BANKER CRITICALLY ILL

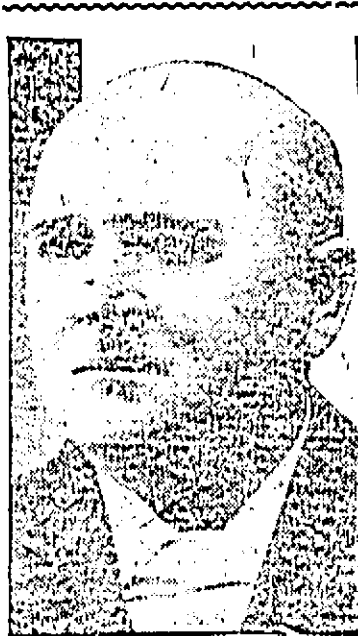

Giovanni Morosini, Well Known Banker, Is Very Ill And Recovery Is Doubtful.

[SPECIAL TO THE GAZETTE.]
New York, Jan. 30.—Giovanni Morosini, the well known banker, continues critically ill at his country home in Westchester county, and in view of his advanced age grave fears are felt for his recovery. Mr. Morosini's spectacular career has furnished material for many a good newspaper story in years past, while the escapades of the younger members of his family have likewise attracted much public attention.
The nationality and schooling of Giovanni Morosini were both calculated to develop in him love of adventure with a well conditioned heroism. A cadet in the navy, a volunteer in the army in Italy in 1818, a companion of Garibaldi, a penniless refugee in America, hero of street fighting, that man and partner in business—artistic, rugged, par excellence, boxer and sportsman—the elder Morosini certainly has been a notable figure.
Giovanni Morosini's children inherited their father's impetuous temperament and defiance of conventionalities. Miss Giulia Morosini has the reputation of being one of the best dressed women in New York. Some time since she raised a discussion by declaring that it was impossible for a woman of fashion to dress properly on less than \$200,000 a year. She is an expert whip and a familiar figure on the racetrack.
While Miss Giulia often sets the tempo of society wearing, but little is heard nowadays of her sister, Victoria Morosini. Some twenty years ago this impetuous creature, in the bloom of youth, tall and radiant with luxuriant hair, dazzling yet sympathetic eyes, resplendent in the gorgeous apartments of her father's mansion, broke the fetters, threw off the yoke of oppression and determined upon the wild plan of eloping with her father's coachman. That night they were married. Victoria and her husband fled to Europe. But even there they remained in the public eye, and in a few months returned to New York. The \$1,000 the bride possessed at the time of her marriage was spent during the European trip and on reaching this city husband and wife were in serious financial straits. Both went to work, the husband as conductor of a street car, and the wife as a member of the chorus at the Casino theatre. On the night it was announced she would appear the Casino was packed by an audience attracted through curiosity. The young woman was a drawing card for a few weeks, but at the end of that time she was allowed to resign.
After struggling against poverty for nearly two years the young woman left her husband and a reconciliation with her family was partly effected. She dropped from sight and it was not until some years later that she was located as an inmate of a convent in Vermont, where she is still supposed to be living in retirement.
Attilio Morosini, the youngest son of the millionaire banker, came under his father's displeasure some eight or nine years ago by marrying without the father's consent. He chose as his bride Miss Mary Washington Bond, a liberal descendant of George Washington's brother, Samuel. Upon learning of the beauty, attractive qualities and distinguished ancestry of the young woman, the elder Morosini speedily forgave his son and bride. The latter is now very prominent in New York society, and her miniature is included in Peter Marra's famous collection of America's most beautiful women.

ALDRICH BILL PRESENTED VERY MUCH AMENDED NOW

All The Little Details Of His System Are Worked Out In The Committee Rooms.

[BY ASSOCIATED PRESS.]
Washington, D. C., Jan. 30.—The Aldrich financial bill which has been in the hands of the committee on finance since its introduction in the senate Jan. 7th was reported today by Senator Aldrich. The various amendments which have been published from time to time appear in the bill, although in general character the bill remains as when introduced. There has been an effort on the part of the committee to emphasize the emergency nature of the act that is proposed and to this various amendments are inserted in the bill which are intended to cause a speedy issuance of additional currency when the emergency occurs.

ROBERT DAVIS.

Jersey City, Jan. 30.—Robert Davis, a democratic leader of this city is at the head of a movement looking toward the sending of ex-President Grover Cleveland to the democratic national convention next year. He is proposed as one of the delegates at large from New Jersey. Mr. Davis says he has every hope that the movement will be successful and as he is himself a prominent democratic leader in the state, his statement bears considerable weight. Mr. Davis claims that should Mr. Cleveland thus represent New Jersey in the Denver convention a means would be provided for cementing any break there might be in the democratic party and placing it in a position of renewed strength.

HIGH SCHOOL GIRLS SERVE LUNCHEONS

At the High School, Under the Direction of Miss Colman, the Domestic Science Teacher.
Forty-eight high school students and members of the high school faculty were served with luncheon at the high school building yesterday noon by the sophomore girls in the domestic science department. This is done on days when the thermometer drops below zero or when the weather is stormy, both for the benefit of those who have a long distance to go to reach their home and also as part of the required work in the domestic science department.
The food is prepared and served under the direction of Miss Colman, who has charge of that department. The four different classes take turns in doing the work. Yesterday the luncheon consisted of tomato and oyster soup, crackers, pickles, sandwiches, a cup cake and hot chocolate. A charge of ten cents is made for these luncheons to cover the cost of the materials and the gas, and they are served in the domestic science rooms on the third floor of the high school building.

RECOLLECTIONS

OF CIVIL WAR

DAYS IN ALABAMA AND WISCON-

SIN ARE REVIVED.

BY COUNTY CLERK H. W. LEE

In Chance Correspondence With Geo.

P. Floyd, Former Landlord of Hy-

att House Now Living in Detroit.

Chancing to read in a recent num-

ber of McClure's magazine an article

on the ruthless destruction of cotton

at Montgomery, Alabama, during

Civil War times, County Clerk How-

ard W. Lee's attention was attracted

to the name of the author—George P.

Floyd—and he was led to wonder if

the man could possibly be either the

brother-in-law or son of a Mrs. John

Floyd who accompanied the Lee family

on their flight northward in Ap-

ril, 1863.

That journey was a memorable one,

even for the present county official,

then a boy of fourteen years—he

came it was beset with many difficul-

ties and dangers. On his own person

he carried \$3,000 in gold which had

been sewed into a sort of inner vest

of unbleached linen and by reason of

this weight he narrowly escaped

drowning in the Duck river. Harvey

W. Lee, the head of the household and

of the little party, had a pass from

Benjamin, the Confederate Secretary

of War, but with his known radical

Union sentiments even this was by no

means a guarantee of safe conduct

through the Rebel lines. The party

traveled by boat from Montgomery to

Southern; thence by rail to

Mobile; and the balance of the trip

to Nashville, Tenn., was made with

two teams. Out of Columbia, Tenn.,

they heard the rattle of musketry and

encountered numerous strangers from

the field of battle.

Some of these recollections induced

Mr. Lee to write to the author of the

magazine article and a reply recently

received not only substantiated his

conjectures but connected the writer

with Janesville's history in a manner

which is very interesting. For George

P. Floyd of Detroit, now perhaps

eighty years of age, not only ran dur-

ing Civil War days the Montgomery

bus and transfer line on which the

boy, Howard Lee, was delighted to

ride free of charge with the various

drivers, but prior to that time man-

aged with his brother the Hyatt House

in Janesville. He talks about his

days in this city and refers to several

old residents, one or two of whom now

living in the letter which is repro-

duced in the next column.

Gave Lincoln a "Rum-Sweat."

It appears from the magazine ar-

ticle that after leaving Janesville Mr.

Floyd was landlord for a time of a

tavern at Quincy, Ill. This was dur-

ing the period of the Lincoln-Douglas

debates and after the Great Emancipa-

tory had spoken in that city he was

so fatigued and dispirited that Mrs.

Floyd found it expedient to give him

a rum-bath. He was so grateful for

the cure lavished upon him, that he

called upon him at any time when he

might be sojourning there, and he

has since then been known as "Rum-

Sweat" in Montgomery.

Story of Lee Family.

Harvey W. Lee was a cousin of

Gen. Robert Lee, both being the de-

scendants of two brothers a few gen-

erations back. He was born in Mas-

sachusetts and passed his early life

there. His father and a General Mar-

tin bought the entire town of Lewis

county, New York, from the govern-

ment.

DOCTOR USES D. D. D. IN HIS

Liquid Prescription is Certain

Cure for Eczema.

Still another Eczema specialist

comes forward in enthusiastic praise

of D. D. D. Prescription, the wonder-

ful external remedy which cures Ecz-

ema and other similar diseases like

scabies, etc. He is Dr. C. B. Holmes of

Silver City, N. M., and in speaking of

his impressions of the healing cures

D. D. D. has effected, he says:

"I have been using your D. D. D.

for four years with gratifying results.

"THIS IS NEAR A SPECIFIC FOR

DERMATIS, ECZEMA, PRUROSIS,

ETC. AS IS QUININE FOR MA-

LARIA."

Dr. Holmes is one of hundreds of

physicians who use D. D. D. in their

daily practice. The D. D. D. company

allows physicians to use this remedy

with the understanding that they tell

their patients what it was that cured

them when the terrible itch has been

wiped out, the skin healed and the

raw wound covered over with soft

white skin. D. D. D. is not a nasty

paste to smear the skin and clothing,

but it is a clear liquid, it is advis-

able to use D. D. D. soap in connection

with D. D. D. Prescription.

Is any further proof of the curative

powers of D. D. D. Prescription neces-

sary? That remedy is sold at J. P.

Baker and Holmstrom's Drug Store.

ment and the former conducted for

some years a tavern at Martinsburg,

the county seat. Afterwards he went

back to Massachusetts and Harvey

Lee took up his abode in the South

twenty-five years before the outbreak

of the war. During this period he

amassed a comfortable fortune and

was regarded as one of the wealthiest

men in Montgomery.

He was a neighbor and friend of

Jefferson Davis and several who be-

came members of Davis' cabinet. The

Davis family lived but a block from his

home, and County Clerk Lee can

remember playing with the Davis chil-

ren and sitting on Robert Toombs'

knee. His recollections of the seces-

sion and the inauguration of Davis

at Montgomery, the first capital

of the Confederacy, are also vivid.

For, during the ceremony, he lay on

the right side of the clock over the

big columns and gazed down on

the principals and the assembled mul-

litude.

The older Lee, from the outset, de-

clared his sentiments against seces-

sion, yet hoped to continue to con-

duct his grocery and bakery business

in Montgomery. His old friends, now

become leaders in the Confederacy,

prevailed upon him to devote his es-

tablishment to the needs of their

training camps for a consideration

which he could not ignore. He brook-

ed them and decided to leave the

country came when a youthful officer,

son of an old-time neighbor, tried to

"command" him to leave prepared for

the soldiers a consignment of badly

spoiled beef.

At the risk of his life he gave mon-

ey, clothes, and food to Union pris-

oners. The first detachment of them

sent to Montgomery contained many

Rock county men. Following the

outcome, he converted the Confed-

erate money which came to his hands

into gold and cotton as rapidly as pos-

sible.

FORTY YEARS AGO

Jansville Gazette, Jan. 30, 1868.—
Railroad Accident.—A collision oc-
curred on the North-Western road,
near Shopley, yesterday afternoon,
by the day passenger train going
south, coming in collision with a
train standing on the side track,
caused by the switch being left un-
changed when the train backed in
to let the passenger train pass. Both
engines, the express, and the second
class passenger car were thrown
from the track with several of the
passengers were considerably dam-
aged, but fortunately no persons
were seriously injured.

Misplaced Confidence.—A few days
since a traveling merchant or ped-
dler in this city, sold his entire stock of
goods to a brother for \$150 on time.
On getting possession of the stock
the seller started for the depot to
make as much as possible out of his
venture. The seller found out his
intentions and also started for the
depot. As soon as the seller saw the
buyer he started down Center Ave.
and got aboard a sleigh going in the
direction, starting the horses on
the run, seller following on foot.
When the team reached the bridge
over the railroad crossing near the
Montgomery stone quarry, seller got out
and jumped down the steep bank over-
twenty-five feet to the track and
hasn't been seen since here, seller
returned for officers to overtake the
runaway.

New Arrangement.—Consolidation of
Companies.—The Jansville Manu-
facturing company and Jansville Brothers
and Richardson of this city, have an-

tered into an arrangement to consoli-
date their business and capital, and
to form one company under the char-
ter of the former. The arrangement
has been completed and will go into
effect on the first of February. The
officers of the new company have been
elected as follows: H. Richardson,
president, E. J. Doty, secretary,
and E. J. Doty, treasurer. The board
of directors consists of Messrs. Doty,
R. J. Richardson, H. Richardson and
J. M. Burgess.

The new company intend to man-
ufacture the celebrated Doty Wash-
ing Machine, the demand for which
has become so great as to require
additional facilities. Over seven thou-
sand of these machines were made in
this city during the past year, and a
much larger number will be required
for the year coming.

In addition to this the company
intend to enter largely into the man-
ufacture of the Jansville State Plow,
which has gained a solid reputation for
excellence in years past. They
will also continue the manufacture of
the Richardson drill and corn culti-
vator, as well as a general jobbing
business in their foundry, machine
shop and planing mill.

With greater facilities in the shape
of a new water wheel of the Leffel
pattern, in addition to their present
water and largely increased capital,
they will be prepared to do an exten-
sive business during the ensuing year.
We are pleased to note this
evidence of enterprise and improvement
in the manufacturing business in our
city, as this branch is absolutely nec-
essary to make it prosperous, and in-
crease its growth and population.

AROUND THE WORLD WITH LYMAN H. HOWE

Large Audience at Splendid Moving-
Picture Show Conducted to All
Manner of Interesting Places.

Lyman H. Howe's semi-annual ex-
hibition of moving pictures brought
forth scenes of absorbing interest for
everyone at the Jansville theatre last
evening. The nature student rejoiced
in the marvellous reproductions of
such wild birds as the bullfinch,
song-sparrow, white throat, and song
sparrow, and the curious wren-neck and
his mate at their home in the big
tree-trunk as well as a tour of some
great zoological garden where all
manner of four-footed and feathered
beasts seemed almost in their native
haunts; and a hunting expedition in
quest of the seal and walrus and pol-
ar-bear, in the frozen north. The
children were delighted with the
strange adventures of "Little Nemo
in Wonderland" and half a score of
other ingenious, fantastic and amuz-
ing comedy-dramas. The display
of 15,000 feet of stock in a French
quarry by 1,800 tons of dynamite
might have been the destruction of
half a world, so completely did the
terrible cataclysm fill the picture. The
spectator traveled eighty miles an
hour by automobile in company with
several other machines on a great
English three-mile course and actual-
ly felt the body of the car swaying un-
der him, so realistic was the expe-
rience. Cullied from the pages of re-
cent history was the siege and bom-
bardment of Cuba Blanca in the Pa-
cific ocean war and the dramatic grand
charge of the Goussard. A delightful
little pilgrimage through quiet old
Holland, a visit to the average Zulu
and an exposition of life about a
French warship were some of the
other offerings. The audience was a
large one but there should have been
standing-room only.

JERSEY CATTLE HAVE BEEN APPRECIATED

What This Breed of Cattle Has Been
to Rock County Farmers
This Past Year.

Evansville, Wis., Jan. 30.—The Jer-
sey business, both for breeder and
dairyman, has been splendid and the
future is promising. Not in twenty
years' conduct of the Jersey Bulletin
have they been constrained to view
the situation more complacently. The
conclusion in this respect comes
from accounts of Jersey affairs more
or less public, the business of Jersey
breeders, in sales of stock both by
private treaty and auction, the atten-
dances and interest in the exhibitions
of Jersey cattle, the work of breeders
in developing and exploiting the cap-
acity of their cows at shows in
reported tests, and the wonderful in-
flux of new people who have so great-
ly augmented the Jersey ranks in re-
cent years.

Twenty-eight new members have
joined the club. More than thirteen
thousand Jerseys have been regis-
tered and nearly five hundred have been
imported the past year. More than
fourteen thousand have been trans-
ferred against twelve thousand last
year, indicating an approximate in-
crease of 16 per cent in sales of regis-
tered Jersey cattle from one year to
the next. Sales of stock privately
reported to the Jersey Bulletin, in-
stead of anything before experienced.
Wisconsin has 363 transfers, an in-
crease of 55 for 1907. Texas leads
with 1,125, Ohio second with 1,093,
New York, 916, Cuba 9, Canada 379,
Hawaii 5, Porto Rico 2, Japan 27,
South America 3.

At the great Chicago and St. Louis
cow demonstration the Jerseys bore
off the honors against all breeds,
proving themselves to be the most
economical producers.

A Jersey heifer named Merry Miss
holds the world's record for one year.

HUSTON SAVING HIS SKIN

ARCHITECT'S BROTHER GIVES
EVIDENCE FOR STATE.

Samples of Alleged Fraudulent Fur-
nishings for Pennsylvania Cap-
itol Shown to Jury.

Harrisburg, Pa., Jan. 30.—That
Architect Joseph M. Huston means to
take care of himself at the expense of
his four co-defendants in the con-
spiracy cases now on trial in the
Dauphin county court was apparent
from the testimony Wednesday of his
brother, Rev. Samuel C. Huston of
Philadelphia, a retired Presbyterian
clergyman, who was called as a wit-
ness for the commonwealth.

Stanford B. Lewis, the architect's
active assistant while the capitol was
being constructed and furnished, and
who is under indictment on two
charges of conspiracy to cheat and
defraud the state in the payment of
bills aggregating \$92,704.80 for capitol
furnishings, was also a witness for the
commonwealth.

Rev. Mr. Huston testified that when
his brother went to Europe in the
spring of 1905 on business, for the
state he left with him signed blank
architect's certificates and a power of
attorney. Soon after the architect's de-
parture Contractor John H. Sanderson,
one of the defendants, appeared with
a bill supported by an affidavit
purporting to be in proper form for
which he asked and obtained certifi-
cation of the architect by the brother's
signature. The commonwealth expects
to prove that this bill was fraudulent.

The commonwealth had brought into
court and exhibited to the jury two of
the sofas, a table and two clothes
trunks supplied by Sanderson for the
capitol under the "per foot" system.
One of the sofas was measured for the
information of the jury and was shown
to be six feet long. Sanderson billed
this sofa to the state at 18 feet and
was paid for at the rate of \$18.40 "per
foot." The other sofa also measured
six feet and was billed and paid for as
containing 19½ feet. The table had
been billed at \$18.40 "per foot" instead
of at \$10.40 as called for by Sanderson's
contract. The clothes trunk was
billed as containing 1½ feet at \$18.40
and should have been furnished, the
commonwealth claims, for \$5.55.

TWO BLAMED FOR HOLOCAUST.

Arrest of Mrs. Monroe and Deputy
Factory Inspector Urged.

Boyetown, Pa., Jan. 30.—The jury
which has been investigating the dis-
astrous fire at Rhoads opera house, in
which 150 persons lost their lives, re-
turned a verdict at one o'clock
Thursday morning. The verdict in
part is as follows:

ANOTHER MORSE BANK SHUT

NEW AMSTERDAM NATIONAL IS
CLOSED BY COMPTROLLER.

President Kinsman Says Depositors
Will Lose Nothing and Stockhold-
ers Will Get Dividend.

New York, Jan. 30.—The New Am-
sterdam National bank, capitalized at
\$1,000,000 and situated at Broadway
and Thirty-ninth street, was closed by
the order of the comptroller of the
currency Wednesday night and Na-
tional Bank Examiner Charles A.
Linn was placed in charge.

The institution's liabilities are
placed at \$1,462,016, of which \$2,005,
272.49 are due depositors. The bank's
officers assert that not only will every
depositor be paid in full, but the stock-
holders will receive a substantial divi-
dend.

The New Amsterdam National was
formerly one of the chief banks in the
chain of banks established by Charles
W. Morse, President Frank W. Kin-
man, Jr., declared, in a statement, is-
sued Wednesday night, that "the clos-
ing of the National Bank of North
America, attracting renewed attention
to the interests which had previously
dominated both institutions in their
past administrations, started fresh re-
ports of an exaggerated and sensa-
tional nature which necessitated the
liquidation of the bank." The insti-
tution occupied quarters in the Met-
ropolitan Opera house, in the heart
of the uptown theatrical district and
numbered among its clientele many of
those prominent on the stage.

President D. A. Sullivan of the Me-
chanics and Traders' bank announced
shortly before midnight Wednesday
night that the institution would not
open its doors Thursday. This de-
cision was reached at a meeting of the
board of directors lasting four hours.
In a statement issued after the meet-
ing the directors declared the bank
solvent, but the state of the cash re-
sources made it appear inadvisable
for the bank to continue business.

"The Mechanics and Traders' bank
was one of the E. B. Thomas chain.
In October, just before the panic, it
was one of the most important of the
state banks, having total resources of
\$2,000,000.

GETS FORTY YEARS FOR MURDER.

Peter F. Clark Pleads Guilty to Killing
Mrs. Gibson.

Carlisle, Ill., Jan. 30.—Peter F.
Clark of Girard, Ill., pleaded guilty
Wednesday to the charge of murder-
ing Mrs. Ollie Gibson on a trolley car
near Virden March 25, 1907, and was
sentenced to serve 40 years in the
Chester penitentiary. Clark was at
one time leader in the choir of the
Christian Science church at Girard
and a deputy grand master in Masonry,
but was expelled from the church and
from the order after charges of im-
morality had been filed against him.
Mrs. Gibson was a member of the
choir and her husband secured a di-
vorce at the same time of court at
which Mrs. Clark got a divorce from
Clark.

GOV. HUGHES IS INDORSED.

New York County Committee Finally
Takes Action on Candidacy.

New York, Jan. 30.—Hughes was
strongly indorsed for the Republican
nomination for the presidency and the
administration of President Roosevelt
was commended in a resolution unan-
imously adopted by the Republican
county committee at a meeting in the
Murray Hill Lyceum Wednesday night.
The resolution further favored an in-
structed delegation to the Chicago con-
vention from this state for Gov.
Hughes, "which shall use all honorable
means to obtain his nomination till he
is either nominated or directs the
withdrawal of his name from the con-
sideration of the convention."

ILLINOIS GETS PRIMARY LAW.

Jones-Oglesby Direct Plurality Meas-
ure Passes House.

Springfield, Ill., Jan. 30.—The Jones-
Oglesby direct primary bill, as it
came from the senate, was passed by
the house Wednesday by a vote of 88
to 35. The signature of Gov. Denese
is all that is necessary to give the peo-
ple of Illinois a chance to nominate
the candidates of all parties under
the direct-plurality system next Au-
gust. This marks the end of a cam-
paign for direct primaries which has
lasted about five years.

Marshall Halstead Is Dead.

Cincinnati, Jan. 30.—Marshall Hal-
stead, former United States consul at
Birmingham, England, died at nine
o'clock Wednesday night at the Ger-
man Deaconess hospital here, follow-
ing an operation for appendicitis. The
deceased was a son of Stuart Halstead,
the well-known journalist and author.
He was 46 years of age, and six
months ago was married to Miss Clara
Lutkenheimer of this city.

ENFORCEMENT OF LAW

During the temperance discussion at the Men's league, of the Methodist church, last Monday evening, some grave charges were made against the saloon in general, as a violator of the Sunday-closing ordinance, and some exceptions were taken to the ruling of the city attorney, when he claimed that complaint against lawbreakers of this class should come from citizens, prepared by personal knowledge, or witnesses to prove charges.

The notion seemed to prevail that the law should enforce itself, or at least that the officers were negligent in duty if they failed to arrest all offenders, and supply all necessary witnesses for conviction.

This is a mistaken notion. Janesville officers have shown a disposition to enforce regulatory laws and if they have failed, it is because of the fact that moral support on the part of the people has been lacking.

It is a serious charge to accuse any man of violating law, and the man who makes it should not only be prepared to prove it, but should be willing to furnish the proof.

While the saloon business is unpopular because of the nature of the business, it does not follow that all saloon men are lawbreakers, as many suppose.

Those men are protected by license, subject to certain restrictions, among them Sunday closing, selling to minors, etc.

If a boy took out of a saloon drink, it is no evidence that he bought drink in that particular saloon. The city attorney relates a case in point, which came to his attention last summer, when a mother came to him and swore out a complaint against a certain saloon for selling her 16-year-old boy drink, offering as witnesses two neighbor boys who were with him at the time.

When the papers were served the saloon man called on the city attorney and said, "Now, Mr. Maxfield, don't be too hard on me, I didn't sell that boy any drink. He came to my place drunk, and created a disturbance. The city marshal happened to be present and arrested him. The next day his mother came to me and demanded \$50 to settle and threatened to prosecute; that's all there is to the case."

The city attorney sent for the mother and asked for an explanation. She admitted that she had offered to settle the case for \$50, failing to recognize the crime of her proposition, until her attention was called to it, when she became very much frightened, and wanted the case dismissed.

It is always well to give the devil his due, and never safe to jump at conclusions. If the citizens are not willing to aid in the enforcement of moral laws, they have no occasion to complain if they are sometimes violated.

Where regulatory laws can not be enforced, prohibitory laws would be worse than a farce. The success of both is dependent upon the moral sentiment behind them, and where this is lacking, they soon become dead letters.

THE PHILIPPINE TARIFF

Secretary Taft includes in his report on conditions in the Philippine islands, a chapter on sugar and tobacco, as affecting American products, should the tariff be removed. It is worth reading, because it comes from a man who is thoroughly familiar with the country. All he asks is that these industries be restored to former conditions, and he claims that this can be done without detriment.

He says:

"There is a good deal of land available for sugar in the Philippines, but there is very little of it as good as that in Cuba, and the amount of capital involved in developing it is so great that I think the possibility of the extension of the sugar production is quite remote. The moment it expands, the price of labor which has already increased 50 to 75 per cent will have another increase. All that can really be expected is that the sugar industry—and this is also true of the tobacco industry—shall be restored to their former prosperity in the earlier Spanish times when the highest export of sugar reached 255,000 tons to the world.

"The tobacco industry needs a careful cultivation which, under present conditions, it is very difficult to secure. The carelessness with which the plant is grown and the defective character of the leaves is such as to make the manufacturers of cigars and tobacco in Manila demand of using the Philippine product without the addition of the wrappers either from Sumatra or the United States.

"All that a friend of the Philippines can hope for is that the sugar and tobacco industries shall regain their former reasonably prosperous conditions. The development of the islands must be in another direction.

"The question of labor and capital both must always seriously hamper the growth of sugar production. Nor would I regard it as a beneficial result for the Philippine islands to have the fields of these islands turned exclusively to the growth of sugar. The social conditions that this would bring about would not promise well for the political and industrial development of the people, because the cane sugar industry makes a society in which there are wealthy landowners holding very large estates with most valuable and expensive plants and a large population of unskilled labor, with no small fund of middle-class tending to build up a conservative, self-respecting community from bottom to top.

"But, while I have this view in respect to the matter, I am still strongly of the opinion that justice requires that the United States should open her sugar and tobacco markets to the Philippines.

"I am very confident that such a course would not injure, by way of competition, either the sugar or the tobacco industries of the United States, but that it would merely substitute Philippine sugar and tobacco for a comparatively small part of the sugar and tobacco that now comes in after paying duty.

"Their free admission into this country would not affect the prices of sugar and tobacco in the United States as long as any substantial amount of those commodities must be imported with the full duty paid in order to supply the markets of the United States.

"So confident am I that the development, which the sugar and tobacco interests of the United States fear in the Philippines from an admission of those products free to the United States, will not cause to the injury of those interests that I would not object to a limitation on the amount of sugar and tobacco in its various forms, manufactured and unmanufactured, which may be admitted to the United States from the Philippines, the limitation being such a reasonable amount as would admittedly not affect the price of either commodity in the United States or lead to a great exploitation of the sugar and tobacco interests in the islands.

"The free admission of sugar and tobacco up to the amount of the proposed limitation, for the purpose of restoring the former prosperity in these two products to the islands, is very important. There are two or three provinces, notably Occidental Negros and the island of Iloilo, the property of which is bound up in good markets for sugar, and this is true also of some parts of Laguna, Cavite, Bulacan, and Pampanga, where sugar was raised in the old days with success and profit. In respect to tobacco, the need is not so pressing because the territory in which marketable tobacco culture prevails is by no means so great. Still it does affect three provinces, Cagayan, Isabela, and La Union."

The Chicago Tribune is conducting another straw vote campaign for president, and finds that Wisconsin's senator has a smattering of popularity in many states. This would naturally be expected, for the champagne platform is a good advertising medium, and it has been used to good advantage.

Lack of employment is a novel experience for many men who have not suffered from enforced idleness, during the past decade. It is one of the sorry features of the aftermath of a panic, which should never have occurred.

Me and Him

I glibbed the shaggy wintertime because it would not come.

I sneered: "No, winter—what if you can't!"

And now I sadly murmur as I coldly suck my thumb:

"It will not do to telt a weather-man."

I said: "Moose was poor January's mix-up on the date."

I laughed: "It works upon a dotty mind."

But now I hunt colanders up and as I hunt I state:

"You cannot bullyrag a weather-man."

I used to sport a spring suit, which did not include a vest.

I used to cool my labors with a fan; But now I'm dragging mufflers and fur great-coats from the chest

Y. M. C. A. TO HAVE AN INDOOR MEET

Between the Senior, Intermediate and Businessmen's Classes on February 13th.

Physical Director William Mummert of the local Y. M. C. A. is making arrangements for an indoor meet to be held in the Y. M. C. A. auditorium on Thursday, Feb. 13th. The events will be as follows: 25-yard dash, 25-yard hurdle, high jump, standing broad jump, hop, skip and jump; shot put with twelve-pound shot, potato rice of two hundred and twenty yards, a tug of war between the three teams in which the winner in the first contest will be matched against the other two teams, and a relay race around chairs between teams from the three classes. About fifty entries are expected and the event promises to be very interesting. It will begin at seven-thirty.

Gymnasium Committee

At a meeting held at the Y. M. C. A. building yesterday afternoon a gymnasium committee was appointed consisting of two from the businessmen's class, two from the seniors and two from the intermediates. Such a committee is chosen in practically all Y. M. C. A.'s to assist in working up the athletic part of the association's work. Those chosen were Messrs. Vismann and C. L. Wilson from the businessmen's class, Dubson and Mathews from the seniors, and Campbell and Asplund from the intermediates. Leonard Mathews was elected chairman and Sterling Campbell chosen secretary. Physical Director Mummert is also a member of the committee. The committee awarded emblems to four members of the basketball team, Capt. Mathews, Baker, Beers and Bruce Kline. In order to get an emblem it is necessary to have played in three winning games.

Peace and History.

Parents and school teachers will be interested in a new theory called the "Peace Teaching of History" expounded by J. N. Larned in the January Atlantic. Mr. Larned's idea is that the crime of war rather than its glory should be emphasized. As soon as we abstract the allurement of drama and trappings from the history books, and remember the "Broken old mothers, and the whole Dark butchery without a soul," we are so much nearer peace in its universal and highest sense. "The staple of History has always been War." Must it always be so?

REFUSES TO WED HER FIANCE.

Minneapolis Society Girl Demies Man Just Before Wedding Day.

Minneapolis, Minn., Jan. 30.—"There will be no wedding." This statement, made by Mrs. John Tongue of 1729 Humboldt avenue, South, astounded friends of her daughter, a popular society girl, who expected to attend the nuptials of Miss Jessie Tongue and Wesley Hargraves Thursday evening.

On the very eve of her intended marriage Miss Tongue is said to have declared she would not marry her fiancé, who came from Lusk, Wyo., to wed her, and helpless in the face of her refusal, the family have recalled the invitations and left the city. It was after Mr. Hargraves arrived in Minneapolis to claim his bride that Miss Tongue said: "I would rather die than marry him."

Mr. Hargraves returned to his home in Wyoming. He is a University of Minnesota graduate and was formerly of Ripon, Wis.

Senators Discuss Mr. Cortelyou.

Washington, Jan. 30.—The senate was entertained Wednesday by a series of animated comments on the method adopted by Secretary of the Treasury Cortelyou in placing before the senate his reply to the resolution calling for information relative to the operations of the treasury department in connection with the financial disturbance. The secretary had had the introductory part of his reply printed and copies of the pamphlet were on the desks of all senators, which was declared by Democratic senators to be without precedent.

Active Rear Admiral Two Days.

Washington, Jan. 30.—The unique experience of having the rank of a rear admiral on the active list for only two days has fallen to the lot of Leavitt C. Logan, commandant of the Pensacola navy yard. He was confirmed a rear admiral by the senate Tuesday and will be retired Thursday, and has been given permission to go abroad.

PLEAS ARE MADE TO SAVE FORESTS

SPEECHES IN CONVENTION OF FORESTRY ASSOCIATION.

INVOLVES USE OF RIVERS

Secretary of Agriculture Wilson, Chief Forester Pinchot and Others Address Gathering in Washington.

Washington, Jan. 30.—That this nation has reached the point where it must decide whether it is to lose the use of the rivers in the east and south through the non-preservation of forests which safeguard the watersheds was the declaration of Secretary of Agriculture Wilson, president of the American Forestry association, which convened here Wednesday.

The secretary said that the rivers of the west were fairly well taken care of on account of forests. He expressed the hope that congress would take action to assure the beginning of the work of the preservation of the forests and the safeguarding of the watersheds.

Gifford Pinchot Speaks.

Gifford Pinchot, chief of the forest service, who followed, related his well-known views on the conservation of forests. He said that the one great essential for navigation is to prevent the filling of channels with silt, and that depends directly upon forest protection. The movement for the preservation of the nation's forests, the speaker declared, is far-reaching in its influence. It will help the nation in our time, Mr. Pinchot said, but its advantages will be still more apparent in the future.

The neglect of our water and land resources, Mr. Pinchot declared, would bring about the same conditions in this country that are to be seen in North Africa, in Greece, in Spain and Palestine.

Others Urge Saving of Forests.

An urgent plea was made by J. T. Rothrock, secretary of the Pennsylvania State Forestry association, that young forests should not be so taxed as to necessitate being cut down. Gen. Alfred Noble, secretary of the interior under President Harrison, urged a continuation of the present forest policy, so that the nation might "redeem the past and be true to the trust which it holds for future generations."

Mr. Theodore of Kansas, chairman of the house committee on irrigation, declared himself an ardent advocate of forest preservation.

Short speeches were made by James Peck of Cleveland, O., and Lakewood, N. J., protesting against taxing timber out of existence; by John A. Walker, game and fish commissioner of Alabama, who said that his state was not only making wise laws to preserve its forests, but was enforcing them; and by Commissioner Whipple of New York state forestry board, who held New York up as a shining example of forest methods.

The membership of the association is 6,555, of which 1,755 were added during the past year.

Galesburg Loses \$100,000 Bequest.

Rochester, N. Y., Jan. 30.—The \$100,000 estate of Capt. Hooker, who left a will bequeathing his property to Galesburg, Ill., and appointing President Roosevelt executor, will be distributed, the surrogate of Monroe county having denied probate to the will on the ground that Capt. Hooker was mentally incompetent. Hyland M. Kendrick has been appointed administrator. There are 13 heirs at law.

Flames Ravage Iowa Town.

Oskaloosa, Ia., Jan. 30.—The business section of Leighton, northwest of Oskaloosa, was destroyed by fire. The loss is \$30,000. There was no fire protection.

The Dog-Muzzle.

To muzzle a dog is cruelty to animals, and is a dangerous practice. The dog muzzles through his mouth and when this is prevented, as it is by a wire muzzle, it causes quite an unnatural condition. The ordinary form of leather muzzle has caused very many cases of madness in the dog. In Toronto, Canada, and Mobile, Alabama, I had large practice among dogs and in the course of a 50 years' profession as a veterinarian have had many proofs of the statement here made. When a dog lolls out his tongue with open, drooping mouth it is a sure sign he is healthy and not dangerous as to rabies. When the dog shuts and keeps his mouth closed except when snapping, it is a positive sign of danger. A wire muzzle large enough to allow the dog a full open mouth is the only one safe to the dog and not of much annoyance after the first day or so.

DR. WILLIAM HORNE.

Of Course They Said So.

"How did you happen to come to me for your Dentistry," said Dr. Richards to a patient recently.

"Why, you see I'm a stranger here," said the party, "and I inquired of several people as to what Dentist to go to and they all said 'Dr. Richards' if I want 'Painless work'."

"Of course, I didn't want to be hurt and so I came up to you," said the patient.

"Not a bit. You never hurt me in the least."

It's worth something to have such a reputation for Painless Dentistry. If you need dentistry and wish perfect satisfaction try Dr. Richards. He "delivers the goods."

Need Cotton Hand Looms.
The revival of the cotton hand loom is thought to be the solution of the question of the industrial regeneration of India. This year there were spun 212,057,554 pounds of cotton, a falling off of more than 11,000,000 pounds, but the yards woven amounted to 25,284,745, an increase of 23,000,000 yards. This has been due to the great increase in the number of hand looms in use.

BRIDGE-CREW MAN DROPS INTO RIVER

Oscar H. Nelson Fell Twenty Feet to a Cold Bath at Monterey This Morning.

Oscar H. Nelson, of Shelbyville, age 21, a boarder at 152 Locust street and a member of the crew at work on the Monterey bridge, was dropped into the river at half past nine o'clock this morning when a heavy stranger on which he was walking and which had become loosened, gave way. He fell twenty feet before striking the water and was under the surface over thirty seconds. With the aid of a projecting string-board he was able to get ashore without assistance, and appeared to have suffered no permanent ill effects beyond a severe drenching.

SEVERAL CHANGES IN A WELL-KNOWN LAW FIRM

Jeffris, Mount, Smith & Avery is a Title of New Organization Which Succeeds Feathers, Jeffris & Mount.

There were several important changes in the membership and title of one of the best known local law firms this week. The former name of Feathers, Jeffris & Mount gives way to the new one of Jeffris, Mount, Smith & Avery. Attorney's William Smith and Louis Avery are the two new members. The last-named, in view of this change, has decided not to be a candidate for the republican nomination for city attorney.

LECTURE ENJOYED BY THE W. C. T. U. PEOPLE

Reverend J. L. Meade Gave His Famous Illustrated Talk, "Ten Nights in a Barroom."

Under the auspices of the local W. C. T. U., Reverend J. L. Meade of North Johnston gave his celebrated lecture entitled "Ten Nights in a Barroom." A good sized audience greeted the speaker whose address was profusely illustrated by pictures thrown on a screen from a lantern. These pictures were of a varied character, many sacred and some sordid, being shown. The lecture itself was illustrated by views taken in saloons showing the curse of the liquor traffic. Among the illustrated songs given was the "Holy City" sung by Alfred Olson. "Just Behind the Times" and "Where is My Wandering Boy Tonight?" also brought forth well merited applause. Little Master Richard Meade however carried off the honors of the evening with his song "Father Come Home."

HEAR LECTURE ON RUSSIAN AUTHORS

Woman's Missionary Society of Presbyterian Church Has Interesting Meeting.

Members of the Woman's Missionary society of the Presbyterian church heard a very interesting lecture last night on Russian literature given by Miss Grace Mount in the Presbyterian church.

While the subject was Russian literature Miss Mount also told of educational conditions among the people and of their poverty and struggles. The lecture was illustrated by slides and views from a lantern. In charge of views from the high school faculty. Mrs. Laughlin was the leader of the meeting. The lecture was thoroughly appreciated and enjoyed by the ladies who were present.

Dr. Frisby of Milwaukee and L. B. Dresser of the state board of control are in Janesville on official business.

INSURANCE OF BANK DEPOSITS BY THE UNITED STATES GOVERNMENT

will be brought before Congress at this session. Whatever the Government does this bank insures them.

By the Capital, Surplus and Undivided Profits of \$180,000, nearly 15 of the total deposits.

By the further legal responsibility of the stockholders which is \$100,000.

By the moral responsibility of the directors and heavy stockholders which is greater.

By the rigid supervision of the United States government and the National Bank examiners.

By the amount of its cash reserve which for sixty days averaged 50% of its deposits, a greater percentage than is carried by the Bank of England.

By the conservatism of the management to whom the safety of the depositor is the first consideration.

SPRING FASHIONS IN NEW YORK

Striped Wool: Mohair; Linens; Col-
ton Velvets; Dordered Fabrics;
Linen Datasets; Skirts; Spring
Millinery; Trimmings.

Evidently stripes are the motif to
which a large proportion of new fab-
rics owe their origin, and in the
charming soft gray wools intended
for spring tailor suits, there is little
else but the infinite combination of
wide and narrow stripes in both dark
and pale shades of gray. Chevron
stripes will be very prominent in
wool or other materials, and bearing
home effects will also aid in producing
that great variety necessary for a
successful business season, or in other
words, that of entering to all tastes.
Chevron stripes are advantageous as
they do not give the elongated ap-
pearance of the single stripe, there-
fore may be worn by slender women.

Mohair
This invaluable summer fabric
comes in plain or striped grounds,
and as it sheds dust perfectly and
wears like iron, even a woman of
very moderate means, will have one
mohair dress. The knowing ones pre-
dict an unusual linen season and here

note figures strewn among the flow-
ers. Bordered Chambrays are a tri-
umph for the cotton manufacturer,
displayed in various tan shades, also
in blue, green, purple or pink, every
hue admitting of several different
tints. Wide or narrow stripes com-
pose the borders, either in contrast
or in artistic blendings. As for ex-
amples on a soft green are purple and
white borders, on a decided green
black and white stripes tone down the
predominant color.

Bordered Linen Datasets
Lord & Taylor are making a fas-
cinating display of every desirable
weave in the linen catalogs. Bordered
goods come in especially attractive
designs and promise to be among the
most modish materials for the coming
season. One is always safe in select-
ing from the fabrics shown by this
well-known house, for their reputa-
tion for taste and their high-class
clientele insures the fact that any-
thing they endorse, belongs to ex-
clusively fashionable materials. Bordered
effects prevail in linen datasets—
wide borders of brown, floral designs
or ring and coin dots supplemented
by ornamentation of a similar char-
acter above the border. Blue, brown,

pink, crimson, heliotrope and white
and black are the most prominent var-
ieties.

Skirts
As may be expected the overskirt
is upon us—both in its actual and
simulated form. A green silk dress
made in Paris has long tunic with a
seam down the front and bordered
all around by wide, green silk braid,
edged with fringe. The waist is plain,
with a lace yoke outlined by a band
of Persian embroidery. A sort of
cape is below the embroidered band,
cut in two points at the center of the
front, also edged with fringe, and two
elegant jeweled buttons are at the
front. The elbow sleeves are of green
chiffon finished by an embroidered
band. On some new suits, trimmings
are so arranged as to simulate an
overskirt, but after all the first mod-
els may be justly regarded with some
suspicion, as they are not always ac-
ceptable in a later date.

Spring Millinery
In spring millinery the rose will be
the floral queen of the season, either
single or combined with other flow-
ers. Large Legions are banded with
flowers, one example showing a crown
entirely covered by crimson wisteria
and sweet peas. Another has a bank
of roses and lilacs of the valley, a sec-
ond trimmed by pinks, lilacs of the
valley and the lily of the valley, and
a third with hydrangeas and ribbon
in such profusion, that only the edge
of the white trim was visible. As chip,
Leghorn, Milan or other straw of a
like nature were prime favorites last
season, it is safe to conclude that lace
straws or mohair braid will have
their turn this season.

Regarding Shapes
The small or medium-sized hat has
proved so comfortable, that toques

and other small shapes are "on call"
and a hat turning up at one side will
be markedly popular, and of course
preference given to floral garnitures.
Panamas, with a simple, striped scarf
tied around the crown are now in de-
mand for southern wear, and will be
in great vogue here at a later date.
Wings are not displaced by flowers,
but will be worn with tailor suits—an
important fact being entirely covered
by small black and white wings.
These are seen also on dress hats, a
pretty blue mohair braid having a
cap-crown, is trimmed by blue wings
and fancy gilt braid.

CHEESEMAKERS ARE IN ANNUAL SESSION

Southern Wisconsin Cheesemakers'
Association Gather in Mon-

rore, Wis., Jan. 29.—The annual
convention of the Southern Wisconsin
Cheesemakers' association opened at
10 o'clock this morning at Turner hall
in this city with an attendance of
nearly five hundred. Over a hundred
factory workers are here for the
meeting today and the number will
be considerably augmented tomorrow.
A special committee, which was ap-
pointed last year, will report on the
proposition to change the name of
the organization to a dairyman's as-
sociation, so that the membership can
be extended to include all dairy farm-
ers. District Attorney W. H. Mc-
Grath delivered the address of wel-
come at 1 o'clock, and the response
was by State Cheese Factory Inspec-
tor Fred Marly. Thomas Luchinger
gave the annual address of the presi-
dent and after the reading of a paper
by Abraham Stauffacher the commit-
tees and cheese judges were appoint-
ed. Ex-Gov. W. D. Board of Fort At-
kinson is expected to be in attend-
ance this afternoon and give an ad-
dress.

Miss Lillian Assmus and Edward
Hartwig of Sylvester were married
at noon yesterday at the home of the
bride's parents, Mr. and Mrs. Frank
Assmus, a mile and one-half south of

chased one of Dr. W. H. Churchill's
cottages at the corner of George and
North Lybrand streets, and will move
to the city March 1st. Considera-
tion, \$2,800.

Samuel H. Bloom, western repre-
sentative of System, the magazine of
business, was here from Chicago to-
day. He will be here for several days.

Christina Brown Scott
Christina Brown Scott was born at
Dillon, Haddingshire, Scot-
land, May 2, 1828. Her early life
was spent near the place of her birth.

In 1851 she was married to Christo-
pher Scott, who lived but a short
time. There was one child by this
marriage, Mrs. Adam Scott of La
Prairie township. In early life she
united with the Presbyterian church,
to which she remained faithful. Later
she came to America, arriving at Mil-
ton, Rock county, Wisconsin, Aug. 12,
1851. The following five years of her
life were spent on a Rock Prairie,
where on Dec. 1, 1856, she was mar-
ried to William C. Scott of Bradford,
where they lived for a short time. Later
they moved to Iowa. Returning to
Wisconsin in 1862, they bought a farm
in the town of La Prairie, where the
husband died in 1879, leaving her
with a family of six children to guide
and rear to womanhood. Perhaps the
ruling trait of her character was her
love of home. She was pre-eminently
a home builder, a mother. Nothing
could keep her from the duties of
wife and mother. After weeks of pa-
tient suffering and after having ex-
ercised every effort for her loving care
or thought could do, her weary soul
found rest. There was a light be-
yond beckoning her, which those
around her bedside did not see. There
are left to mourn her departure six
children: Mrs. Jessie C. Scott of La
Prairie, Mrs. Martha E. Hopkins of
Tortie, Mrs. Annie M. Clark of Tur-
tle, Mrs. Jennie B. Smith of Janes-
ville, Mrs. Helen H. Harless of Brad-
ford, and Mrs. Belle W. Meloy of
Julesburg.

Robert B. Scott, the son, died
in 1880. Twenty grandchildren and
numerous other relatives also survive.
Mrs. Scott passed away Friday, Jan.
24, 1908. Funeral services were held
at her home Monday afternoon, Jan.
27, and also at the Congregational
church of Emerald Grove the same
day. A large company of relatives,
friends and neighbors filled the
church, testifying to the respect in
which she was held.

DON'T EXPERIMENT.

You Will Make No Mistake if You
Follow This Janesville Citiz-
en's Advice.

Never neglect your kidneys.
If you have pain in the back, ur-
inary disorders, dizziness and nervous-
ness, it's time to act and no time to
experiment. These are all symptoms
of kidney trouble, and you should seek
a remedy which is known to cure the
kidneys.

Donn's Kidney Pills is the remedy
to use. No need to experiment. It
has cured many stubborn cases in
Janesville. Follow the advice of a
Janesville citizen and be cured your-
self.

Mrs. Joseph Gower of G. Park Ave.,
Janesville, Wis., says:

"A dull aching pain in the loins
often extended around to my sides
and there seemed to be no relief
from the misery it brought me. Some-
times I was actually unable for work.
I used liniments and hot applications
and tried various remedies but all the
time I was growing worse. Finally
I saw Donn's Kidney Pills recom-
mended in our papers and procured a
box at the People's Drug Co. They gave
me relief almost instantly and in
a few days after taking the first
dose the backache and misery left
me. I gained weight and sleep then
I had no return of the trouble."

ISLAND POLICY IS DEFENDED BY TAFT

HE SPEAKS AT M'KINLEY DAY
FEAST IN CLEVELAND.

ALL POLITICS AVOIDED

Secretary of War Refutes Charges of
"Imperialism"—He and Others
Eulogize the Martyred
President.

Cleveland, O., Jan. 30.—McKinley,
the martyred president, was the key-
note of several addresses delivered at
the Tippecanoe club's annual McKin-
ley day banquet here Wednesday
night, at which Secretary of War Taft
was the guest of honor. The secre-
tary spoke on "The Republic."

All of the speakers confined their
remarks to the life and deeds of Mc-
Kinley, who was eulogized as an il-
lustrious son of Ohio, and to a discus-
sion of the problems engendered by
the Spanish-American war and the ac-
quisition of the Philippines and the
Islands of the Caribbean.

Secretary Taft, accompanied by Col.
Charles Edwards of the United
States army and Congressman Duncan
E. McKinley of California, arrived at
noon. He was met by a reception
committee, headed by ex-Gov. Myron
T. Herrick and taken to the Union
club, where an informal luncheon was
served. Later in the afternoon the
secretary was taken to the Tippecanoe
club rooms, where a public reception
was held. This continued until 4:30
o'clock, when Mr. Taft was hurried
away to address the local chapter of
the Red Cross society. Mr. Taft is
president of the national board of the
Red Cross.

Carefully Avoids Politics.

There were some expectations that
the banquet would develop a political
air, owing to the presence of Mr. Taft
in his own state, the hotbed of his
spirited contest with his fellow-town-
man, Senator Joseph B. Foraker. In
the race for the Republican presiden-
tial nomination. Not only did the se-
cretary and the other speakers confine
themselves to McKinley eulogies, but
Mr. Taft at no time during his stay
here made any public reference to po-
litical matters. On several occasions
during the day and at the banquet the
secretary was humorously referred to
as the "next president," but he made
no reply to these sallies to which any
meaning could be attached.

At the banquet F. W. Prentiss, for-
mer president of the Tippecanoe club,
acted as toastmaster. The speakers
of the evening were Rev. Dr. Paul P.
Sutphen of the Second Presbyterian
church, Congressman Duncan E. Mc-
Kinley of California and Secretary
Taft.

The banquet was preceded by a pub-
lic reception at the Chamber of Com-
merce hall. Men prominent in politics
from Cleveland and all parts of the
state and a few prominent in national
affairs were in attendance.

Taft on Island Possessions.

In his speech Mr. Taft said of our
island possessions:

"Since the foundation of our govern-
ment the people of the United States
—that is, the states as distinguished
from the territories—have been en-
gaged in governing other people. But
it is said that we have been engaged
in governing them with a view ulti-
mately to making them a part of our
government. That begs the question.
The question is whether we have the
power to govern other people for any
time. We have done it for a hundred
years. We did it in the case of Lou-
isiana. We have done it in the case
of every territory that was subse-
quently admitted to the United States,
and we are doing it today in the case
of New Mexico and Arizona. What
inherent difference is there between
the government of a territory and the
government of a colony by the con-
gress of the United States and the
executive appointed in accordance
with its direction?"

Burlington Shops Are Closed.

Lincoln, Neb., Jan. 30.—Orders were
received Wednesday temporarily clos-
ing the Burlington shops at Havelock
beginning Thursday morning. The
same order closes the repair shops at
Allamore, Plattsmouth, Wynmore, Mc-
Cook and Sheridan, Wyo. Six hun-
dred men were affected at Havelock
and smaller numbers at the other
towns. The plan of the company is to
have brief shut-downs from time to
time rather than discharge any of the
force.

Alward a Congressional Candidate.

Washington, Jan. 30.—Dennis E. Al-
ward, for the past 12 years reading
clerk of the house of representatives,
Wednesday announced his candidacy
for election to congress in the Eleventh
Michigan district. Mr. Alward
having declined renomination. Mr.
Alward since 1884 has been secretary
of the Republican state central com-
mittee of Michigan.

Band of Women Robbers in Poland.

Lublin, Russian Poland, Jan. 30.—
The police of this city have unearthed
a band of robbers composed entirely
of women and the leaders have been
taken into custody. These women are
said to be responsible for a long series
of highway robberies.

GERMANY'S WAR TREASURE HOUSE.

The Julius tower at Spandau, Ger-
many, contains \$30,000,000 in gold
bars. In the strict accounting that is
kept by statisticians of the world's
supply of gold, account is always tak-
en of this hoard in the Julius tower.
Here the great war treasure of the
German government is kept. It con-
sists of \$30,000,000 in gold bars and
is intended to be the first cost of mo-
bilizing the German army in case of
war. The hoarding of so much gold
when the world is short of currency
is regarded by many economists as an
unwise plan and there is talk of bring-
ing the treasure from the German
government to relieve it at this time.

Circle Sam—"Not so fast there."
News Item—Chairman Tawney of the committee on appropriations in the United States senate says there will
be a deficit of \$100,000,000 if the government estimates for the next fiscal year are not reduced.

JUSTICE HARLAN.

Justice John M. Harlan of the supreme court of the United States, created no little excitement at the annual dinner of the navy league of the United States. He peered into the distant future and told of a day when the white and yellow races will meet in a conflict that will shake the earth. He said in part as follows:

"If I had the opportunity I would vote for an appropriation of \$50,000,000 a year for a period of 10 years for a larger navy. The trend of the migration of the white people in the past has been from the east to the west. Just across the water there is a country with an immense population, whose commerce we are seeking. There are 400,000,000 Chinese as strong physically and mentally as we are. We may some day see a skilled army in Japan of from 5,000,000 to 10,000,000. They will say: 'You claim Europe as your country, this is ours; get out!' I do not think they have any such idea now and we have no hostility toward them, but there will be a conflict between the yellow race and the white race that will shake the earth."

At a barbecue in Rhode Island a one-legged boy climbed the greased pole and won a silver dollar, when no two-legged boy could get near the top.

LIMA CENTER

Lima Center, Jan. 30.—Miss Dora Johnson of Richmond Center is employed at the home of Wm. Truman. The many friends of Mrs. Wm. Truman will be grieved to learn of her death which occurred Monday of congestion of the lungs. Mr. Holbrook and wife returned

home Saturday from their visit at Stevens Point.
Will Westrick has bought the farm occupied by Will Reed of Mr. Borst. O. E. Truman of Antigo was called home Monday by the death of his mother.

Miss Carrie and Mrs. G. H. Johnson, who are on the sick list, are reported better.

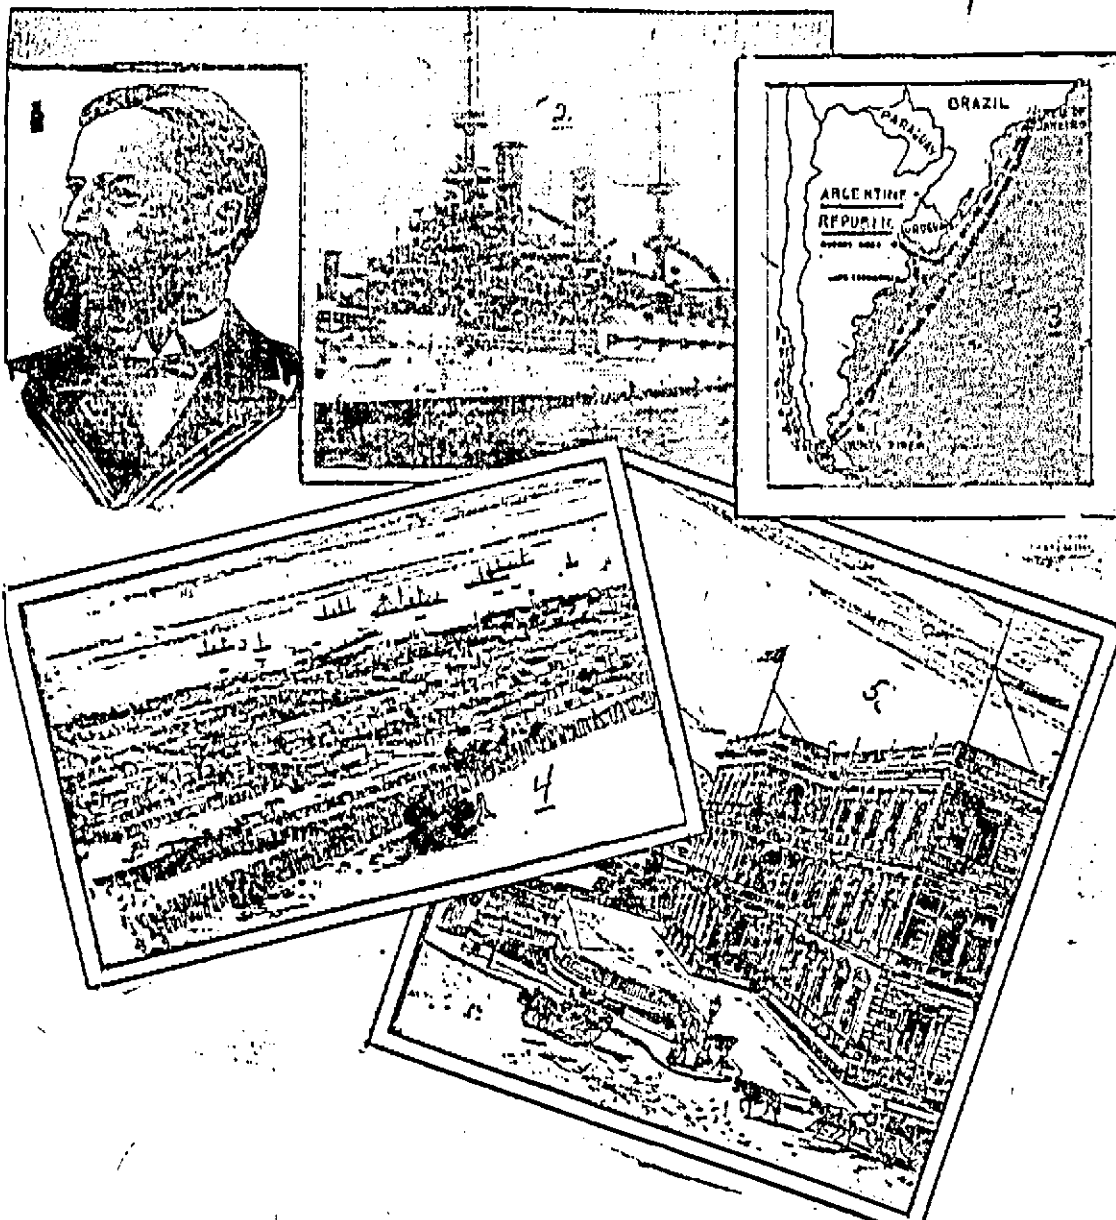

A large number of relatives and friends from out of town attended the funeral of Mrs. Wm. Truman Wednesday afternoon at the U. B. church. Mr. and Mrs. C. D. Child, Mrs. H. D. Morduck, Mrs. Marcellus King, Mr. and Mrs. J. A. Skidney, Janesville; Mr. and Mrs. J. A. Miller, Rockford, Ill.; Fred B. Child, Hanover; Mrs. Francis Mineomeyer, Conroe Center,

Ill.; O. E. Truman and Miss Nettie Truman, Antigo; Willis Truman, Capron, Ill.; Mr. and Mrs. Chas. Burnham, Fort Atkinson; Mrs. Amelia Coukley, Milton Junction; Mrs. Bert Cary, Milton; E. Hadley and Miss Eliza, Utica Corners; Mr. and Mrs. Herbert Jones, Miss Mable Harris, Andrew Dixon, Whitewater; Bert Reed and Mrs. Gordon Potlick, Oak Hill; Mr. and Mrs. George Molen, La Grange; Mr. and Mrs. Henry Womum, North Johnston.

Miss Martha Jane Child was born in Hammond, St. Lawrence Co., N. Y., Aug. 29, 1844. She with her parents, Mr. and Mrs. M. A. Child, came to Lima, Wisconsin in 1862, and was married to Wm. Truman Dec. 31, 1865. To them three children were

born. She fell asleep Jan. 27, 1908, as a result of congestion of the lungs, the family circle having never before been broken. There remains her husband, Wm. Truman; two sons and one daughter, Orton Eugene of Antigo, Fred Burton and Mabel Alberta of Lima; five brothers and two sisters, Clinton D. Child of Janesville, Mack A. and George W. Child of Milwaukee; Charles H. Child of South Dakota; Fred B. Child of Hanover, Mrs. Adaline D. Truman of Lima, and Mrs. Lois A. Miller of Rockford, Ill.; two grandchildren, Nettie A. Truman and Russell W. Reed. She has been a faithful member of the church for over twenty years and will be sadly missed in her home and community.
